

Does Planet fix my leak?

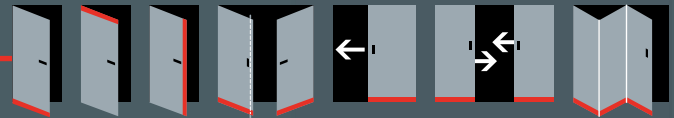

Door materials

Wood Metal PVC Glass

Door types

Single doors hinged Double doors hinged Sliding doors Folding doors

Basic installation

1. The door manufacturer **grooves** the bottom of the door. 2. The drop-down seal is inserted into groove and fastened. 3. The door has to be assembled and the drop-down seal adjusted.

Seal face fixed (Soble)

Planet Soble can be face fixed on site, no need to remove the door. The drop-down seal can be face fixed easily and adjusted.

disturbing

Floor surfaces

flat sloping uneven convex concave

Planet drop-down seals fits to all **door materials**, **door types** and **floor surfaces**. Our seals can easily be installed **at the bottom of doors** or **face fixed** on the side.
